

MILTRA engineering

Military and Counter-Terrorist Training Aids

POINT OF CONTACT: syme@miltra.com

PRODUCT: LAND MINE TRAINING KIT

PART NUMBER: TAMMS-MINE

INTRODUCED: January 2000

VERIFIED: June 2009

The contents of this kit have been slightly changed in June 2009.

All items are 1:1 scale in authentic colour and correctly marked.

All models are entirely INERT, and do not contain any real parts.

Models are intended for Recognition and Awareness Training, and include sufficient function to demonstrate known Render Safe and Neutralisation procedures to be carried out. Additionally, one model within each category demonstrates the major operational features:

Stake Mine POMZ-2M includes cast fragmentation body, wooden stake, simulated bursting charge, MUV fuze with internal components and spool of trip wire.

Mousetrap Type Groundblast Mine PMD-6M includes the hinged wooden body, internal simulated explosive charge, MUV fuze with internal components and modified push pin.

Groundblast Mine PMN includes an operational pressure mechanism, removable rubber cap and fixing band, and safety and delay mechanism.

Bounding Mine V-69 includes safety fork, removable fuze assembly, removable detonator, fragmentation sleeve with firing cable fixed to the sleeve and mine base.

Directional Mine M18A1 has a removable face to allow a section of the fragmentation steel balls and simulated explosive filling to be viewed.

Anti-Tank Metal Mine Russian TM series replicates the typical Russian circular series mines and also includes an alternative type fuze option. Please check for current availability.

Anti-Tank Plastic Yugoslavian TMA series replicates one of the typical types from TMA-1A through to TMA-5. Please check for current availability.

Other models are recognition models showing differences in size, shape, and materials.

An A4 colour Data Sheet book is supplied providing colour data relating to all the types of mine provided, and also a wide selection of other types of deployed mine within each category.

The set is supplied in a durable man portable packing/storage case.

POINT OF CONTACT: syme@miltra.com

PRODUCT: LAND MINE TRAINING KIT

PART NUMBER: TAMMS-MINE

INTRODUCED: January 2000

VERIFIED: June 2009

Models included, are as follows:

STAKE MINES

POMZ-2M with MUV fuze

p/number: MINE-100-001

PMR-3 with UPMR-3 fuze

p/number: MINE-101-002

MOUSETRAP MINES

PMA-1 with UPMAH-1 fuze

p/number: MINE-102-003

PMD-6M with MUV fuze

p/number: MINE-103-001

MOUSETRAP MINES

PMN with integral fuze

p/number: MINE-104-000

PMA-2 with UPMAH-2 fuze

p/number: MINE-105-004

TYPE 72 with integral fuze

p/number: MINE-106-000

TS-50 with integral fuze

p/number: MINE-107-000

BOUNDING MINES

V-69 with integral fuze

p/number: MINE-108-000

PROM-1 with UPROM-1 fuze

p/number: MINE-109-005

M16A1 with M605 fuze

p/number: MINE-110-006

OZM-72 with MUV fuze

p/number: MINE-111-001

DIRECTIONAL MINES

M-18A1 with electric detonator

p/number: MINE-112-007

MON-100 with EDPr fuze

p/number: MINE-113-008

ANTI-TANK MINES

TM series (Russian) - metal (TMN-46/57)

p/number: MINE-114-000

Fuze for above (MVM/MVZ-57)

p/number: MINE-000-009

Alternate fuze (MVsh-46/MVsh-57)

p/number: MINE-000-010

TMA series (Yugo) - plastic (TMA-3/TMA-4)

p/number: MINE-115-001

Fuze for above (UTMAH-3/UTMAH-4)

p/number: MINE-000-011

OTHER PARTS

TRIP WIRE SPOOLS (4)

p/number: MINE-SPOOL

LAND MINE DATA SHEET BOOK (A4)

p/number: MINE-DATA
