

MILTRA engineering

Military and Counter-Terrorist Training Aids

POINT OF CONTACT: syme@miltra.com

PRODUCT: VISUAL EXPLOSIVES KIT **PART NUMBER:** TAMMS-TEXP100

INTRODUCED: June 2000

VERIFIED: June 2009

This set contains 36 samples of different types of Simulated Commercial, Military and Improvised explosives.

Each sample is designed to show the colour, and texture of the explosive, and is packed inside a clear plastic box.

Each box is fitted with a card providing details of the contents, category, and technical data.

The kit is supplied with a data sheet showing all the set contents, and a series of colour data sheets providing technical information on this subject.

All samples are entirely inert, and contain no explosive elements.

The set is packed into a durable packing/storage case.

KIT CONTENTS:

MILITARY EXPLOSIVES

- 1: GUN COTTON
- 2: PICRIC ACID
- 3: CAST TNT
- 4: FLAKE TNT
- 5: RDX
- 6: COMPOSITION B
- 7: TGAG-5
- 8: HMX
- 9: TETRYL
- 10: PETN
- 11: COMPOSITION 3
- 12: PE 808
- 13: PE4
- 14: SX-2
- 15: COMPOSITION 4

INDUSTRIAL EXPLOSIVES

- 16: SEMTEX-H
- 17: SEMTEX-10
- 18: PLASTIC D1
- 19: SEMTEX 1A PLASTIC
- 20: FULMINATE OF MERCURY
- 21: LEAD AZIDE
- 22: TNRS
- 23: DDNP
- 24: BLACK POWDER
- 25: STRAIGHT DYNAMITE
- 26: AMMONIA DYNAMITE
- 27: GELATINE DYNAMITE
- 28: AMMONIA GELATINE DYNAMITE
- 29: SLURRIES & EMULSIONS
- 30: TNT BASED POWDER
- 31: GRISUTINE

IMPROVISED EXPLOSIVES

- 32: ANS
- 33: CO-OP
- 34: ANFO
- 35: ANNIE
- 36: TATP

PRODUCT: **MILITARY EXPLOSIVES KIT** **PART NUMBER:** **TAMMS-TEXP200**

INTRODUCED: **June 2000**

VERIFIED: **June 2009**

This set contains a range of common Military types of explosive, including:

Cast type demolition blocks, a variety of shapes and sizes
Plastic explosives, including C4, PE4, and Military Dynamite
Shell filler explosives
Sheet type and Detonating cord

All items provide an accurate representation of texture and colour, and all are authentically wrapped and packed.

The set is packed into a durable packing/storage case

All samples are entirely inert, and contain no explosive elements.

The kit is supplied with a booklet with a general description of each item in the kit together with a series of colour data sheets providing technical information on this subject.

All samples are entirely inert, and contain no explosive elements.

The set is packed into a durable packing/storage case.

KIT CONTENTS:

1: DANISH CAST TNT	200gm BLOCK
2: RUSSIAN CAST TNT (TROTYL)	200gm BLOCK
3: CHINESE CAST TNT	200gm BLOCK
4: YUGOSLAV TM-200 TNT DEMOLITION BLOCK	200gm BLOCK
5: YUGOSLAV TM-500 TNT DEMOLITION BLOCK	500gm BLOCK
6: US TNT DEMOLITION BLOCK	1/2lb BLOCK
7: UNITED STATES MILITARY DYNAMITE	1/2lb STICK
8: UNITED STATES C4 (COMPOSITION 4)	1lb BLOCK
9: BRITISH PE4	230gm STICK
10: RUSSIAN A-9-P (RDX)	SAMPLE - SHELL FILLER (RDX BASED)
11: RUSSIAN TETRYL	SAMPLE - SHELL FILLER/BOOSTER CHARGE
12: RUSSIAN TGAG-5	SAMPLE - SHELL FILLER (TNT/RDX/ALUMINIUM)
13: UNITED STATES 'DETASHEET'	BLACK SHEET TYPE
14: GENERIC DETONATING CORD	SAMPLE LENGTH

PRODUCT: IMPROVISED EXPLOSIVES KIT **PART NUMBER:** TAMMS-TEXP300

INTRODUCED: June 2000

VERIFIED: June 2009

This kit contains ten samples of different types of Simulated Improvised Explosives

Each sample packed inside a transparent bottle, and marked with a clear label.

Samples are designed to show colour and texture of most of the common types of improvised explosives used in IEDD type devices.

The set is packed into a durable packing/storage case

All samples are entirely inert, and contain no explosive elements.

The kit is supplied with a booklet with a general description of each item in the kit together with a series of colour data sheets providing technical information on this subject.

All samples are entirely inert, and contain no explosive elements.

The set is packed into a durable packing/storage case.

KIT CONTENTS:

ANAL	AMMONIUM NITRATE AND POWDERED ALUMINIUM
ANFO	PRILLED AMMONIUM NITRATE AND DIESEL OIL
ANIC	AMMONIUM NITRATE AND ICING SUGAR
ANNIE	AMMONIUM NITRATE AND NITROBENZENE
ANS	FERTILISER AND GRANULATED SUGAR
CO-OP	COMMERCIAL WEED KILLER AND NITRO BENZINE
NITROGLYCERINE	HOME MADE VARIETY
NITROMETHANE	SENSITIZED HOME MADE VARIETY
SUGAR CHLORATE	INCENDIARY COMPOUND OF SODIUM CHLORATE AND ICING SUGAR
TATP	TRIACETONE TRIPEROXIDE
