PRODUCT: SUB-MUNITIONS TRAINING KIT **PART NUMBER:** TAMMS-TSUB

INTRODUCED: January 2000

VERIFIED: June 2009

The contents of this kit have been slightly changed in June 2009.

All items are 1:1 scale in authentic colour and correctly marked.

All models are entirely INERT, and do not contain any real parts.

Models are intended for Recognition and Awareness Training. The kit includes models which display the main types of operational characteristics for an International range of sub-munitions relating to many of the types of unexploded ordnance currently encountered in the world.

The set is supplied in a durable man portable packing/storage case.

Models included, are as follows:
